School Happenings

A special welcome to the following new student to Ranzau School Tom Cumpstone.

Queens Birthday: A reminder school will be closed on Monday 4 June, this being Queens Birthday public holiday.

Learning Space Opening: Our current project is the redesign and modification of the multipurpose room into a collaborative, purposefully designed learning space.

We will be having the grand unveiling on Friday 15th June. We invite everyone to come and join in the special opening afternoon starting at 1:30pm. There will be performances, activities and a tour of our new learning space.

We look forward to celebrating this exciting time with all of our community.

Dancing with the Staff: This years community council has organized a school fundraiser for the 40 Hour Famine. It will be an extravaganza of dance called "Dancing with the Staff". This exciting event will be held on Thursday. We are asking that students bring a gold coin donation, which will be collected on Thursday morning.

Keeping Healthy. With the colder weather upon us it is a timely reminder about wrapping up warm and taking good care of ourselves. If your child is unwell please keep them at home as this stops the risk of it being spread throughout the class and school. Also, stomach bugs are currently in the school community. To stop the spread of these please stay away from school until it has been at least 24 hours since your child last vomited.

Road Safety *We all have a part to play in making the road safe for our children but sadly, we often see parents who do not take this responsibility seriously. U turns outside of the school, driving into the school driveway and dropping children off and parking on yellow lines are a danger to our students.*

Please, correctly use the church car park and walk your children across to school.

Learner Qualities: At Ranzau we spend a lot of time looking at what it means to learn and what the qualities of good learning are. Staff have read research and learnt from our own experiences and those of other schools. From this we have created a list of six qualities that we believe are important to learning.

We will be writing a short explanation of each quality and what it means to us here at Ranzau in the newsletter. Please feel free to use this language with your child and to ask them about our learner qualities. The more our students are able to understand what learning is and what it looks like, the more successful they will be at it.

School Banking: It is important for students to learn about how to save money from an early age. Ranzau, in association with ASB, have a school banking programme. Students are able to do school banking every Wednesday. Simply fill in the deposit slip and with the money hand it into the office before school
